**Comments from Canada on the Approval by Mail: Bangladesh - Climate Change Capacity  
Building and Knowledge Management**

Thank you for the opportunity to provide comments on the initiative in Bangladesh. Canada is supportive of the proposal, although we underline the need for a clear and rigorous performance evaluation plan from the outset. We would like to note that additional comments will be sent by Canada to the CIF Administrative Unit for consideration early next week.

Regards,

Jan Sheltinga  
Administratrice principale de programme--environnement/ Senior Program Manager (Environment)
