**Approval by mail: Burkina Faso: Local Forest Communities Support Program (FIP) (DGM)  
(World Bank)**

Dear Mafalda,

Thank you for sharing this proposal with the UK.

The UK is satisfied that the PAD for the Dedicated Grant Mechanism of Indigenous Peoples and Local Communities in Burkina Faso complies with the DGM Framework Guidelines and is complementary to Burkina Faso's Forest Investment Program. We are content to approve the \$4.5m grant funding for this DGM project, and the \$435,000 first tranche of funding for project supervision and implementation services.

We also look forward to the CIF AU/IBRD response to the email received from the Global Forest Coalition.

Kind regards,

Emma
