

Invitation to participate in the CIF Dialogue Event
on November 5th 2012, 9am-1pm at the CIF Partnership Forum in Istanbul

**Implementing CIF Results Frameworks in-Country: Experiences and
Challenges**

Given the importance of the CIF results frameworks and the need for their swift implementation, the CIF Administrative Unit is pleased to invite you to attend this technical learning event.

The event will be held in a dialogue format and will focus on the challenges CIF pilot countries face (or expect to encounter) when fully implementing the revised CIF results frameworks and explore possible areas of future collaboration and how to best go about them.

The persons participating in this event should ideally be monitoring and evaluation specialists or at least have a deep understanding of CIF related M&E issues. The number of people who we are able to invite to this interactive event is limited. If you are interested, please contact Christine Roehrer, Senior Monitoring and Evaluation Specialist CIF AU croehrer@worldbank.org as soon as possible and briefly highlight the following in your email:

- 1) your role and responsibility regarding the implementation of any of the CIF (CTF, SREP, FIP, PPCR) results framework(s) in your country or your involvement with this work. Please also let us know whether you would participate on behalf of a pilot country, MDB, donor country or as CSO representative;
- 2) your interest in collaborating beyond this event, in particular your desire to work with other pilot countries and the CIF AU on action points which may be identified in the workshop;
- 3) any other comments or questions you may have.

We are very much looking forward to your participation and will confirm it as soon as possible. Please note: Unfortunately the CIF Administrative Unit cannot provide financial or administrative support for your participation.

Sincerely,

Patricia Bliss-Guest
Program Manager
Administrative Unit, Climate Investment Funds
