Comment 1	Sherwin.Cotta@beis.gov.uk	United Kingdom	<p>Dear Mafalda,</p> <p>Thank you for the opportunity to review and provide comments on the CIF ACT Investment Plan for Indonesia.</p> <p>The UK commends the efforts of the Indonesian Government in preparing this IP, in taking onboard comments made by other contributor countries and the links to Indonesia’s JETP. Having reviewed the revised investment plan, we are content with the changes made and are supportive of this IP.</p> <p>At the same time, we would like to emphasise our expectation that:</p> <ul style="list-style-type: none"> · the TFC will be provided with an early view of the project pipeline for decision. Along with this, we also expect a clear indication of the expected results as this will help convey a sense of scale to the TFC. · We also expect strong private sector involvement and financial mobilisation in line with the average CIF leverage ratio of 1:10 and would urge the MDB partners and the Indonesian government to consider this strongly, and?? · The highest levels of ambition, including the total capacity of coal being decommissioned – is maintained. <p>We wish you a speedy implementation. Best wishes, Sherwin</p>	Jun 15, 2023
Response 1	Davinia Levy Molner	CIF AU	Thank you for your comments, which are well noted.	Jun 15, 2023
