THROUGH PRIVATE SECTOR INVESTMENT (PPCR) (IFC)**

Dear Mafalda,

Many thanks for the opportunity to review this project. We would appreciate a few further details, as outlined below, before proceeding.

1. What is the replication potential of the project?
2. More information on the resilience impacts of the project would be helpful. How resilient to climate change impacts is the project itself? How will the resilience of affected communities (can IFC be more specific about expected beneficiaries) be enhanced?
3. What is the likely category of this project? What is the likelihood that it would be category A?

Thanks,

Katie Berg
