Resource Demand - Phase 2 Countries

Modalities for Resource Prioritization

Category 1 – Supporting Investment Plans

Modality 1: Fund All Phase 1 IPs First

- Keep resources available to first five countries through Spring 2023 at least (possibly longer for Ukraine and Mali)
- Needed resource level: USD 300-350 million

Modality 2: Fund Phase 2 IPs When Ready

- Allow Phase 2 countries to access resources based on IP readiness (i.e. first come, first served)
- Needed resource level: USD 460-700 million

Category 2 – Increasing Country Access

Modality 3: Dedicated Private Sector Window (DPSW)

- Focused thematic individual projects, including CIF Climate Ventures, available to all or subset of applicant countries
- Needed resource level: **USD 100 million to start, 10-30% of pool moving forward**

Modality 4: Technical Assistance Window

- Support for non-selected countries to better identify emerging integration issues
- Needed resource level: **USD 44 million**

Range of Funding Needed to Support Modalities
