**REVISED DECISION BY PPCR SUB-COMMITTEE
STRATEGIC PROGRAM FOR CLIMATE RESILIENCE FOR CAMBODIA**

Strategic Program for Climate Resilience for Cambodia (document PPCR/SC.8/4)

Revised Decision by PPCR Sub-Committee

The PPCR Sub-Committee, having reviewed the *Strategic Program for Climate Resilience for Cambodia* (document PPCR/SC.8/4),

- a) endorses the SPCR as a basis for the further development of the projects foreseen in the strategic program and takes note of the requested funding of USD50 million in grant funding and USD 55 million in other concessional resources. The Sub-Committee reconfirms its decision on the allocation of resources, adopted at its meetings in June 2010 and 2011, that a range of funding for the country should be used as a planning tool in the further development of project and program proposals to be submitted to the PPCR Sub-Committee for PPCR funding approval, recognizing that the minimum amount of the range is more likely and that the upper limit of the range will depend on availability of funding.
- b) The range of funding agreed for a single country pilot program is USD 40-50 million in grant resources, and USD 36 million in other concessional resources. The Sub-Committee also recognizes that the quality of the proposed activities will be a significant factor in the funding to be approved by the Sub-Committee when project and program proposals are submitted for approval of PPCR funding. The Sub-Committee confirms its call for contributors and other countries, MDBs and other development partners to seek to mobilize additional resources to allow the full funding of the SPCR.
- c) The Sub-Committee requests the Government of Cambodia and the MDBs to make every effort to strengthen coordination and consultation across ministries and to leverage additional resources for mainstreaming, coordination and capacity development.
- d) approves a total of USD 3.8 million in PPCR funding as preparation grants for the following projects to be developed under the SPCR,
 - i. USD600,000 for the project, *Climate Risk Management and Rehabilitation of Small- and Medium-scale Irrigation Schemes in the Tonle Sap Basin* (AsDB)
 - ii. USD600,000 for the project, *Enhancement of Flood and Drought Management in Pursat and Kratie Provinces* (AsDB)
 - iii. USD600,000 for the project *Promoting Climate-resilient Agriculture, Forestry, Water Supply and Coastal Resources in Koh Kong and Mondulkiri Provinces* (AsDB)
 - iv. USD600,000 for the project *Climate Proofing of Agricultural Infrastructure and Business-focused Adaptation* (AsDB)
