**Comments from United Kingdom on the Approval by mail: Colombia -  
Strategic Public Transportation Systems (SETP) Program**

Dear Patricia,

Many thanks for the additional information in the form of the new annex "fit with CTF Investment Criteria", which has been set out to directly address the concern from our technical lead for CTF.

Given the absence of our technical lead this week I'm happy to support the German position below with the hope that this is sufficient to get the project moving. We look forward to seeing the further clarification requested by Germany.

Regards,

Ben
